The Oracle WebCommerce / ATG - Endeca Experts

## Delivering unrivaled value with Oracle Web Commerce Solutions

Oracle has completed its' Web Commerce vision. The focus is on their key CRM applications, delivering leading WebCommerce capabilities for their customer's with ATG Commerce, and Endeca search products. Thus creating a best of breed and unified Web Commerce Platform.

Sterlite has over 12 years of ATG/Oracle Web Commerce implementation experience delivering award winning Web Commerce Solutions with the tools that are now unified by Oracle.

Our expert teams have delivered for dozens of customer projects using the ATG / Oracle Web Commerce product family.

- Assessment and Roadmap / Web-Commerce Technology Vision.
- Rapid Market Prototypes with Industry Accelerators for accelerated go to market initiatives.
- Experience with BtoC, Complex BtoB, and BtoGovernment Commerce requirements.
- Systems Integrator / Implementation & Transition.
- Customizations.
- Advanced Security Commerce Self Service.
- Managed Application Day 2 services.
- Managed Infrastructure Services and or hosting services.
- Upgrade Services.
- Legacy Integrations and Data Migrations.
- Creative Web Services.

*Integration of Web-Commerce applications within the enterprise is a key enabler to customer satisfaction... Allowing all available pertinent information to support and satisfy the customer.*

Who we are:

Sterlite as a company may not be well known but our teams have delivered and been the thought leaders, key architects, and technical leads delivering Web Commerce solutions for other major consulting firms. Our experts are now available to you directly, without the middle man.

We have delivered for:

\* Walmart      \* Verizon                      \* Kohl's                      \* Sam's Club

Our Staff has trained: WIPRO, INFOSYS, and others.

**Currently we are being contracted by the Oracle WebCommerce Development team to train and ramp up staff for their new Offshore Product Development center.**

**ORACLE®**

**PARTNERNETWORK**

Sterlite is a certified Oracle Gold partner and an SBA 8a Certified Minority business.

*"Sterlite built our solution supporting 3 lines of business and distinctive product lines. Their solution is supporting the functionality our previous vendor was unable to provide and this solution saves us on average \$100,000 weekly."*

J.T.

*"The Sterlite delivery team is the brain power on our largest most critical ATG implementations globally. "*

J.M.

*"As one of only 2 global training partners Sterlite can provide the scale and depth needed. "*

*"Sterlite's' cost to deliver our ATG Solution was nearly 30% lower than our previous vendor. They also provided functionality in 30 days which our previous vendor could not perform in 90 days.*

*We found their knowledge and productivity in migrating data and integration our other enterprise applications with Oracle ATG to be key in driving out cost and improving customer satisfaction."*

G.C.
